MEMORANDUM FOR: Mr. Houston

SUBJECT : Inspector General's Survey of the EE Division

25X1A6A 1. This is an old subject and many approaches have been taken. I am under the impression that one element of the [] mission on its own had suggested that all personal use of Government vehicles where Q/P or not be reimbursed on a predetermined mileage rate based on monthly certification by the individual.

2. I think at one point we contributed to confusion on this problem by suggesting that use of a Q/P car for personal purposes was in pursuance of cover and therefore reimbursement was not necessarily required. I am not sure why the IG comment is restricted to the EE Division as this should be a matter of Agency-wide policy.
